

Our Topic this half term is:  
How can I keep myself safe?

We will be learning:

- How to keep safe on the road - green cross code, bike and scooter safety, traveling in a car using seatbelts and booster seats.
- Stranger Danger and identifying the differences between safe and unsafe strangers.
- The PANTS rule and recognising which body parts are private.
- How to stay safe online.

In Science lessons we will be learning about plants. We will be observing and describing how seeds grow into mature plants. We will also be finding out what plants need to grow and stay healthy.

In Maths this half term, we will be working on fractions, length and height as well as time. The children will continue with their weekly mental maths and multiplication tests.

You can help by:

- Helping them to practise their 2, 5 and 10 times tables.
- Practising mental arithmetic methods.

*In Literacy we will be using our topic to help us learn about different ways of writing, such as information texts, stories and poetry.*

*You can help by:*

- Hearing your child read their reading book regularly and asking a range of comprehension questions to assess understanding.*
- Helping them to practise spellings, which will be sent out on a Monday and will need to be learned by Friday each week*

*Please make sure your child is fully equipped for school with correct uniform, reading books and diaries every day.*

*If you have any questions please feel free to contact me on Class Dojo.*

*Thank you, Mrs Smith*

**STAYING  
SAFE**
